– Home Health Medicare Policy Manual Revised as Required by *Jimmo* Settlement –

CMS has revised portions of its Benefit Policy Manual: “in order to clarify that coverage of skilled nursing and skilled therapy services ‘does not turn on the presence or absence of a beneficiary’s potential for improvement, but rather on the beneficiary’s need for skilled care.’ Skilled care may be necessary to improve a patient’s condition, to maintain a patient’s current condition, or to prevent or slow further deterioration of the patient’s condition.”

“... No ‘Improvement Standard’ is to be applied in determining Medicare coverage for maintenance claims that require skilled care... .” [Emphasis in original.]
